Software Engineer

LinkedIn | Github | Gitlab | chaudhryusama96@gmail.com | 0767746689 | Stockholm, Sweden

## PROFILE

Software Engineer with 5+ years of experience in backend and full-stack development, specialising in **PHP (Laravel)**, **Python (FastAPI)**, **Node.js**, **React.js**, and **AWS** cloud solutions. Proven track record delivering production systems in healthcare SaaS, industrial ERP, fintech, and IoT domains: reduced deployment time by 60%, cut query response time by 40%, lowered cloud costs by 20%, and shipped APIs handling 10k+ daily orders. Open to Backend / Full-Stack roles in Sweden (Backendutvecklare · Systemutvecklare · Fullstackutvecklare).

## PROFESSIONAL EXPERIENCE

### Software Engineer · ConnectWith360

Jul 2023 – present | Remote, US

- Lead contributor to a US healthcare CRM; architected credentialing & recruiter workflows using **Laravel + Python (FastAPI, Celery)** → recruiter efficiency +30%.
- Built AI-powered chatbots & scheduling automation with async task queues → reduced manual scheduling overhead by 40%.
- Developed web scraping pipelines from 150+ sources with Scrapy/BeautifulSoup → real-time doctor data updates across the platform.
- Integrated Stripe payments & AWS (SQS, Lambda) workflows for secure, scalable automation; collaborated across time zones in a fully remote agile team.

### Software Engineer · Devstudio

Mar 2024 – Aug 2025 | Lahore

- Developed and maintained backend services in **PHP (Laravel)** and **Node.js**, powering flagship products used by 1k+ daily active users.
- Designed REST APIs for IoT, mobile & web clients; built **React.js** dashboards → seamless cross-platform UX.
- Optimised AWS infrastructure (EC2, RDS, S3, CloudFront) → hosting costs down 20%.
- Implemented CI/CD pipelines with Docker & GitHub Actions → deployment time cut from hours to minutes.

### Associate Software Engineer · REV9 Solutions

Oct 2022 – Apr 2024 | Jhelum

- Built enterprise web applications in **Laravel (MVC)**, deployed on Linux servers; managed production & staging environments.
- Designed and optimised SQL queries → report generation speed +25%.
- Introduced Git branching best practices → code conflicts down 40%.

### Web Developer · REDXSOFTS

2021 – Jun 2022 | Kharian cantt

- Delivered Shopify storefront development for multiple e-commerce clients.

## PROJECTS

### LYNE (PWA, US market)

Jan 2025 – Aug 2025

- Built scalable **Laravel** REST APIs for QR-based food ordering (10k+ orders). Integrated Stripe Connect with custom tax & multi-vendor payouts; deployed on AWS with real-time SSE updates via React.js frontend.

### Humphrey & Stretton (Industrial ERP)

2024 – Aug 2025

- Lead backend engineer; built **Laravel**-based bidirectional integration with Sage ERP for finance & inventory. Designed AWS infrastructure (EC2, RDS, S3) for large-scale vendor/customer data management.

### Connectwith360 (Healthcare CRM, US)

Jun 2023 – present

- Developed credentialing & recruitment system with US Gov APIs, role-based dashboards, and scheduling automation using **Laravel + Python (FastAPI, Celery)**.

### Dalua (Embedded iOS & Android App)

2024 – Feb 2025

- Backend developer for IoT control app using **Node.js** & MQTT over AWS IoT. Built secure device communication channels enabling real-time IoT monitoring.

## EDUCATION

### Stockholm University

Stockholm

Master's Programme in Computer and Systems Sciences

## SKILLS

**Back-End** : PHP (Laravel, Eloquent ORM), Python (FastAPI, Celery), Node.js (Express.js, Nest.js), C# (.NET Core)  
**Front-End** : React.js, TypeScript, JavaScript (ES6+), Blade, Bootstrap, HTML/CSS, jQuery, Ajax  
**Database** : MySQL, PostgreSQL, MongoDB, Redis, SQL Server, Query optimisation  
**Cloud & DevOps** : AWS (EC2, S3, Lambda, RDS, CloudFront, SQS), Docker, Kubernetes, Linux, CI/CD pipelines  
**Payments** : Stripe Connect, Custom Transfers, Stripe Tax  
**Principles** : OOP, SOLID, Design Patterns, Unit Testing, Microservices Architecture  
**Tools** : GitHub, GitLab, Jira, Confluence, Agile/Scrum  
**Languages** : English (Fluent), Swedish (Basic)
